

Rustrak 288 Strip Chart Recorder

A general purpose, one pen, 2-5/16" strip chart recorder for DC voltage and current.
The electro-mechanical design is economical and has stood the test of time.
No messy ink pens required, it uses pressure sensitive chart paper.

Standard Features:

Chart speed at 1" per hour, paper will last 31 days
Input ranges from 1 mADC and 100 mVDC
Most popular inputs are 4-20 mADC, 0-1 mADC, 0-5 vDC
Custom scales available: 0-14 pH, 2-12 pH, 0-100%...
Internal paper take-up on roller or exit thru top
Access window slides open for written notes on chart
Meets most counties effluent flow recording requirements
Made in the USA

Key Specifications

Recording accuracy: +/-2%
Response time: 1 second
5-5/8"H x 3-5/8"W x 4-5/16"D
115 vac powered, 230 vac optional
1 year warranty
